

Smart Cities Powering the future with IoT

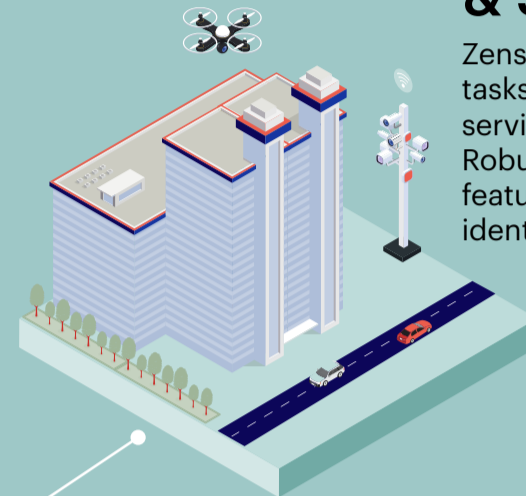

Seamless Urban Experience

With 60% projected to live in urban areas by 2030, Zensar's IoT solutions make life safer, more convenient, and energy efficient.

Administration & Security

Zensar's IoT networks streamline administrative tasks for effectiveness and engage citizens with services tailored to their needs. Robust security systems for public spaces, featuring advanced authentication and identification measures.

Unique Selling Propositions

Zensar is at the forefront of integrating advanced IoT with urban infrastructure. Our approach is not just about technology, but also about improving everyday life. Partnering with global cities to build a more connected, efficient, and sustainable future.

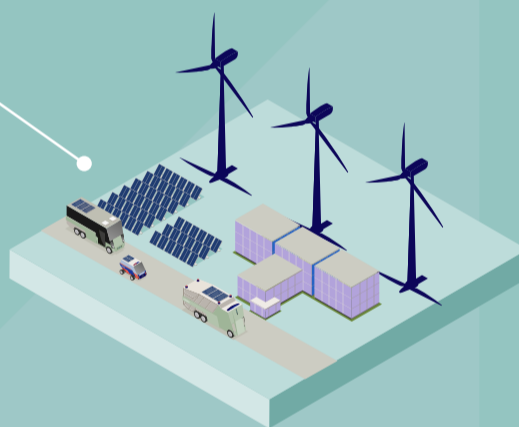

Waste Management

Adopt digitally monitored waste disposal systems that maintain high sanitary standards and contribute to a 70% reduction in urban waste by 2025.

Sustainability & Efficiency

- Innovative energy management systems contribute to a sustainable infrastructure that supports vibrant city life and business growth.
- IoT-enabled transportation networks drive efficiency and reduce air pollution for a cleaner tomorrow.
- Smart water management systems by Zensar optimize monitoring and reduce waste.
- Experience enhanced healthcare through emergency management networks, ensuring improved well-being.

Zensar, a premier Cisco partner.

Embrace the future today

Discover the endless possibilities IoT has to offer for smart city development with Zensar. Explore our solutions, dive into case studies, and see how we're powering the future, one city at a time.

We conceptualize, build, and manage digital products through experience design, data engineering, and advanced analytics for over 130 leading companies. Our solutions leverage industry-leading platforms to help our clients be competitive, agile, and disruptive while moving with velocity through change and opportunity. With headquarters in Pune, India, our 10,000+ associates work across 33 locations, including San Jose, Seattle, Princeton, Cape Town, London, Singapore, and Mexico City.
